Career Objective

Passionate programmer with strong skills in Java, Python, and DSA, eager to apply my problem-solving ability and interest in full-stack development in a role that encourages growth and innovation.

Education

- **Guru Nanak Institutions Technical Campus,** Hyderabad **CGPA : 8.36**
  BTech – Computer Science Engineering, 2022 – to date
- **Sri Chaitanya Junior College**, Hyderabad **PER : 87.7%**
  Intermediate - M.P.C, 2020 – 2022

Technical Skills

Languages: Java, Python, C, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, IntelliJ, Jupyter Notebook , Postman, GitHub

Technologies/Frameworks: React.js, Node.js, Express.js, Tailwind, Bootstrap, Pandas, NumPy, scikit-learn, AWS (EC2, S3, Lambda, IAM)

Projects

1. **FilmFlick – Movie Journal & Review Platform** | 🔗 GitHub
   React.js, Node.js, MongoDB, Redux Toolkit, Express.js
   - Built a full-stack app for users to track, review, and discuss movies with friends
   - Implemented social features: follow users, view activity feed, and personalized profile pages

2. **GreenMiles – EV & Hydrogen Vehicle Range Predictor** | 🔗 GitHub
   React.js, FastAPI, Machine Learning, TailwindCSS
   - Collaborated in a **team of 5** to build an ML-powered tool predicting EV/HV range.
   - Contributed in frontend UI and integrated ML models in the team project for **Tata InnoVent Challenge 2025.**

3. **Blogger – Minimalist Blogging Platform** | 🔗 GitHub
   Node.js, Express.js, MongoDB, EJS
   - Developed a blogging platform enabling users to follow others, write blogs, and view their activity
   - Used server-side rendering with EJS for fast content delivery

Certifications

- AWS Educate: Introduction to Cloud 101 Badge – AWS Educate | [Certification Link↗]
- Applied Data Science with Python – IBM | [Certification Link↗]
- Deloitte Technology Consulting Virtual Internship – Forage | [Certificate Link↗]

Additional Details

- **Languages known:** English, Hindi, Telugu
- **Date of Birth:** 27th March, 2005
